

Looking For Christmas

I'm looking for Christmas
At the top of my tree
If I can't find it
I hope it finds me

Could it be sprinkled on cookies
Created with care?
Or maybe in presents
Hiding under the front stair

I can't stop, looking for Christmas
I can't stop, it's high on my wish list
I can't close my eyes
'Cause there's something I might miss
You know I just can't stop, looking for Christmas

Searchin' in moonlight
And looking all day
Christmas, please come now
And I want you to stay

Can I tell you a secret
You must promise to keep?
I put cards under my pillow
So, wishes find me

Chorus

I can't stop, looking for Christmas
I can't stop, it's high on my wish list
I can't close my eyes
'Cause there's something I might miss
I can't stop looking for Christmas

I'm calling on Christmas
To appear on the scene
If I close my eyes tight now
It's speaking to me

Repeat Chorus
